Re: Flooring Replacement

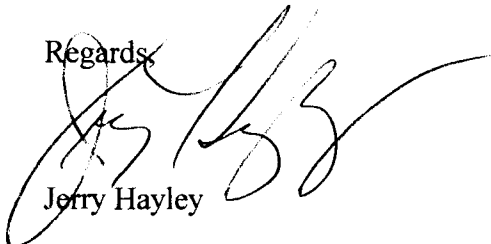

Dear Davy

The work that your company recently did in installing the wood and tile flooring in my home was amazing. You and your wife were both very helpful in assisting me in selecting the right materials for the job. Not knowing what I was doing, I really appreciated the patience that both of you showed me.

Your price was well within my budget and your crew completed the job in only two days, when I was expecting three to four days. They did a great job on the installation and with a minimum amount of "mess". Please convey my thanks to them for a job well done.

These days it is becoming harder and harder to find a company that really cares about the quality of their product and the satisfaction of their customers. I can truly say that Prestige Flooring is a company that a company that does care and I would be very happy to recommend them to anyone looking for flooring work.

Regards,

Jerry Hayley
